

BeazleySource

Integrated web-based risk management service provided to Beazley insureds at no additional cost, offering training and loss control advice for management liability.

BeazleySource Specialty Lines

BeazleySource is a proprietary web-based risk management resource that addresses a wide range of issues central to conducting business in today's legal environment. From ethics and leadership in the workplace to compliance with wage and hour laws, BeazleySource provides tools that help reduce an organization's exposure to costly litigation and crime loss.

BeazleySource delivers online customized risk management services to insureds based on their unique exposures. These services are included at no additional cost with the purchase of these policies:

- Private Company Liability
- Employment Practices Liability
- Fiduciary Liability
- Crime
- Non-profit Organization Management Liability

BeazleySource offers significant advantages:

- Insureds self-register once coverage is bound and can request live training
- Insureds control who gains access within their organization
- Insureds can expand BeazleySource by uploading company policies and procedures
- Articles are emailed directly to insureds and include loss control advice and self-audit questions
- BeazleySource's online training is designed to measure knowledge gained
- There is no limit on the number of individuals who can be trained on or access BeazleySource
- BeazleySource can function as an intranet site and be used to assign and track employee training
- Content is prepared specifically for Beazley and refreshed continually by legal experts from all over the world

BeazleySource provides current information in an easily accessible format that assists insureds in the development of strategies for avoiding liability associated with complex laws and regulations such as the Sarbanes-Oxley Act, the Health Insurance Portability and Accountability Act, and the Employee Retirement Income Security Act.
